My students are enjoying the Get Smart Program so much, and I see them trying to apply what they've learned to everyday phrases. Thanks for developing such a fun and exciting way to learn grammar. I never knew I could enjoy teaching this so much!

- Ann, Classroom Teacher

I am 77 years old, and I decided to learn German. I took an online German course and quickly discovered I didn't even know English. Your course educated me in the proper use of English and got me through my German course to the point where I can now almost speak German.

- Merv, Adult Learner

Using Get Smart has helped us to understand the English language so much better. Mrs. O'Brien explains things so clearly and repeats information at just the right amount. The video lessons are short and to the point. The layout of the workbook is conversational and easy to understand with plenty of examples. We love it!

- Susan, Homeschooler

I have struggled with understanding grammar my whole life, and I felt like I was stupid because I could not memorize the rules. I was seriously leaning towards walking away from my dream job as a college professor because of my embarrassment and fear of getting caught as being a fraud! Thank God for you! I have confidence, and I actually love grammar now. Thank you for everything!

- C., College Professor

Confidence is a key factor in good communication. Since I've been studying grammar again, I've noticed that I feel more confident about my writing and speaking. I no longer cower when I have an important email to write because I look forward to the challenge!
